★★★★★★ *The service I received was everything I hoped for.*

— **CHERYL K.** (Patient since 2018)

The service I received was everything I hoped for. The staff (Stacy, Tami & Dr. Aronovitz). Exceeded all my expectations. Friendly, knowledgeable, courteous, helpful with requests, professional and fun. I was in the office all day for a hair transplant surgery and everything went as planned. I left the office with post-op instructions and felt very comfortable about things. About an hour post-surgery Dr. Aronovitz surprised me with a follow up call to see how I was feeling. Great service, great experience. I highly recommend this office for anyone seeking dermatological care and treatment

Dr. Berry is everything you want a doctor to be. Knowledgeable with phenomenal credentials, informative on a level you can understand, and most of all, has a compassionate "bedside" manner that you feel you can ask him anything about your procedure. His patient coordinator Shauna was very helpful and made it clear that ANY questions I have will be answered. I would highly

★★★★★★ *Top notch and I'm one to be brutally honest!*

— **BRADLEY Y.** (Patient since 2018)

Umm, can I make Dr. Aronovitz and his staff my primary care team too? This is by far the best treatment and professionalism I've ever seen in any type of medical care. They took care of not only me, but my father who waited all day in the waiting room with me. This by far exceeded my expectations.
